In the event of particularly abrasive coping and/or a pool exposed to wind (seaside, prevailing winds, etc.), it is up to the installer to protect the cover from risks of abrasion on the coping and to ballast the cover so that it is not blown off. Any contested cover must be returned to us carriage paid for examination.

Snags, holes and tears and well as the fastness of colours cannot be guaranteed.

All covers must be stored away when they are not installed on the pool.

This cover is not a substitute for common sense or personal responsibility.

Its aim is not to be a substitute for the vigilance of parents and/or responsible adults, which remains the essential factor in the protection of young children.
